

INCREDIBLE AUDIO PERFORMANCE

A REAL 14 HOUR BATTERY LIFE WITH MOBILE DEVICE CHARGING BUILT IN

APT-X BLUETOOTH WITH NFC

SPEAKERPHONE FUNCTIONALITY

# G5 PORTABLE BLUETOOTH SPEAKER

THE G5 IS OUR BEST BLUETOOTH SPEAKER YET. EXCEPTIONAL SOUND QUALITY, MORE FEATURES THAN ANYONE ELSE AT THIS PRICE AND A STUNNING SLIM LINE DESIGN, WHICH LOOKS GREAT ANYWHERE. WITH G5 YOU CAN TAKE YOUR MUSIC ANYWHERE WITHOUT HAVING TO COMPROMISE ON SOUND QUALITY.

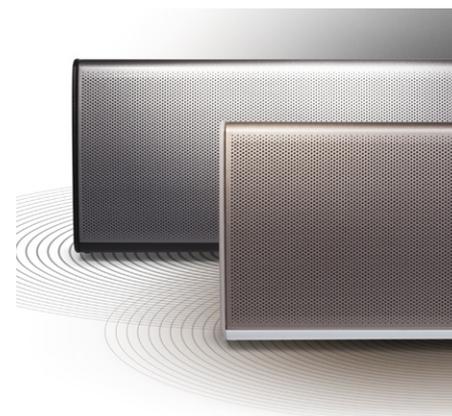

### Play any source

Instantly and easily connect any Bluetooth audio device wirelessly to the G5 and enjoy your music in stunning quality. For devices without Bluetooth simply connect via the 3.5mm aux input.

### Award winning sound

Everything we've learned in nearly fifty years of hi-fi has gone into the G5. Our engineers spent thousands of hours voicing G5 so that it delivers incredible bass, rich vocals and crystal clear highs so you can experience all of your music in wonderful detail.

### G5 party mode

Need even more oomph? Pair two G5's together and each will play in stereo giving you great sound in two different areas of the garden or party. It might be a bit more than you need for a sedate picnic, though. You have been warned.

**G5**

**Mobile device charging**

Charge your phone from the G5 too, even when not plugged into the mains. Handy at festivals, or anywhere outdoors and away from home.

**Speakerphone functionality**

G5 makes a perfect speaker phone, with clear pick up from the microphone.

**Bluetooth receiver mode**

A 3.5mm line output lets G5 receive Bluetooth and send it to another hi-fi or speaker system. This is a great feature that gives any existing hi-fi set up the ability to receive wireless Bluetooth audio.

**G5**
